**Protecting our Border
Securing our Future**

DUTY STATEMENT:

The overall key responsibility of the Senior Internal Auditor – Cor Sev & Pro is to manage staff of the Customs Internal Audit section in implementing efficient and effective control assurance and field audits programs.

EDUCATION AND EXPERIENCE:

- Degree in Accounting or other qualifications relevant to the position.
- Must have at least five-(5) years' or more work experience in a similar position.
- Good experience and knowledge of Customs Laws, policies and procedures.
- Demonstrate a proven ability to communicate effectively in written and spoken English
- A team player with ability to plan and coordinate team work as well as problem solving and computing skills.

KEY COMPETENCIES:

- The Senior Internal Audit – Cor. Sev. & Pro. should be goal driven, system thinker focused on its key stakeholders striving to achieve desired goals.
- Possess the skills and functions as a leader sharing the values, mission and vision of Papua New Guinea Customs Authority to administer and regulate the PNG Customs Act and other relevant legislation in respect to international trade facilitation and Border Security.
- Displays integrity, models, behavior, develop people and builds teams to administer and regulate the PNG Customs Act and other relevant legislations in respect to International Trade facilities and border security.
- Manages constructively, change and transition ability to influence others and addresses impact of attitude.

KEY RESPONSIBILITIES

The key responsibility of the Senior Internal Audit – Cor Sev Pro is to manage the auditable areas are simply those areas that have been identified and documented in the Annual Internal Audit Work-Plan in order of priority. Selection of these auditable areas involves a combination of:

- The organizational risk assessment process
- Prior audit coverage
- Adhoc cases as requested from time-to-time by the executive management or as a result of the Customs Audit Committee (CAC) deliberations.

Other responsibilities include;

- Write up Audit Program & Develop Test Schedules (Control & Substantive Testing).

- Audit programs
 - Test Questionnaires & Schedules designed to target risk areas in the cause of doing the actual field audit work.
- Audit Process is a, field audit work: after the risk assessment is completed and auditable areas identified, they are captured on the internal audit annual work-plan which is submitted to the Chief Commissioner of Customs for approval. Upon approval of the annual work plan, specific audit programs a written/development to guide the actual conducting of the audit that basically outlines the audit scope. Also preparation of test procedures, control testing and substantive testing templates are written-up.

Once these documentations are completed, a notice in the form of a memo is issued to the Chief Commissioner for endorsement to commence the actual audit and upon receiving the endorsement and advice/memo is sent to the respective divisional heads notifying them of the audit to be conducted.

- Entrance Interview is conducted at the beginning of each audit an audience is held with the auditee outlining he audit scope & objective, timeframe, access to records both paper/electronic, and main contact person etc, are discussed as well as resolving some concerns the auditee may have.
- Conducting the Audit is done through control testing with the auditee which is more general and then request to audit an audience is held with auditee to communicate the audit findings and recommendations as well as discuss any reservations the auditee may have on the findings and recommendations before report is drafted.
- Audit Report -. A draft audit report is written and submitted to the Chief Internal auditor for review and comments. Once all corrections are done and approved by the Chief Internal Auditor, the reports with the recommendations are sent to the auditees for comments. Finally, the report is forwarded to the Chief Internal Auditor or Audit Committee Meeting for deliberation.
- Follow-up. After the audit report is tabled at the Customs audit Committee meeting the Internal Audit Division will have to follow-up on the implementation of the recommendations to assess the effectiveness and is adding value to the business process.
- Other duties as requested from time to time by executive management or the Customs Council.
- Asses and make recommendations in respect to requirements for ongoing education, training for Customs internal audit staff to improve professional standards and enable Customs Internal audit staff gain proper understanding of the professional auditing standards and business units within the Customs Service.
- Maintaining liaison with office of the Auditor General and Department of Finance & Treasury to facilitate communication and information between the Customs Service and the office of the Auditor General to ensure the Customs Internal Auditors are aware of Auditor General's requirements and facilitate responses regarding audit

issues concerning Customs through personal contacts meeting and written communications.

MINOR RESPONSIBILITY
